

RMH/ICR National Clinical and Scientific Haemato-Oncology Annual Meeting

5th and 6th November 2018

Venue: Royal Marsden Education and Conference Centre, Stewarts Grove, London. SW3 6JJ

Organising Committee: Dr Bhuey Sharma (*Consultant Radiologist, RMH*), Dr Sunil Iyengar (*Consultant Haemato- Oncologist, RMH*), Dr Joel Cunningham (*SpR Haematology, East of England*), Mrs Hannah Holmes (*Administrator*), Sophie Baczynski and Helen Mee (*Lymphoma Action*)

Monday 5th November 2018

- 08.00 Registration and coffee
09.00 Welcome and introduction
09.05 Evolution of lymphoma staging and response evaluation: current limitations and future directions
Dr J. Cunningham, SpR, East of England
09.55 Changing concepts: Aggressive B-cell lymphomas (including pitfalls)
Dr A. Wotherspoon Consultant Histopathologist, RMH
10.40 Coffee
11.00 New concept: Specialist Integrated Haematological Malignancy Imaging Reporting 'SIHMIR' (including pitfalls)
Dr B. Sharma, Consultant Radiologist, RMH & Expert Adviser NICE Centre For Guidelines
11.50 Clinical DWI in malignant myeloma
Dr C. Messiou Consultant Radiologist, RMH
12.30 Lunch
13.30 **Keynote Lecture. Follicular lymphoma: much more than the t(14:18)**
Professor J. Fitzgibbon, Consultant Haematologist, Barts Cancer Institute Chair: Dr S. Iyengar, Consultant Haemato-Oncologist, RMH
14.20 The role of genetics in clinical decision-making for lymphoid malignancy
Dr S. Iyengar, Consultant Haematologist, RMH
14.55 Coffee
15.15 Update on Waldenstrom Macroglobulinemia
Dr D. El-Sharkawi, Consultant Haematologist, RMH
15.45 B-cell malignancy – case based discussion
Dr J. Cunningham, Dr S. Iyengar, Dr A. Wotherspoon, Dr B.Sharma, RMH
16.50 Close
17.15 Genetic susceptibility and risk of second cancer in Hodgkin Lymphoma
Dr A. Sud, Academic Clinical Fellow, RMH and ICR
17.30 **Guest Lecture: Positioning of novel agents in the management of Hodgkin lymphoma**
Dr M. Hutchings, Consultant Haematologist, Copenhagen University Hospital

Tuesday 6th November 2018

- 08.00 Registration and coffee
08.55 Welcome and introduction
09.00 Changing concepts: T-cell lymphomas (including pitfalls)
Dr A. Attygalle, Consultant Histopathologist, RMH
09.45 Imaging features of complications with novel therapies including immunotherapy
Dr N. Tunariu Consultant Radiologist, RMH / DDU
10.20 Coffee
10.40 Will next generation sequencing become a routine part of cancer diagnostics?
Dr M. Hubank, Senior Clinical Scientist, ICR
11.10 **Keynote Lecture. Biology and management of CNS lymphomas**
Dr K. Cwynarski Consultant Haematologist, UCL Chair: Dr I. Chau, Consultant Medical Oncologist, RMH
11.55 Biology and management of the rare leukaemias
Dr C. Dearden, Consultant Haematologist, RMH
12.35 Lunch
13.30 Genetics of multiple myeloma
Dr K. Boyd, Consultant Haematologist, RMH
14.00 Scientific sessions (x4)
Dr J. Cunningham, SpR, East of England
15.00 Coffee
15.20 T-cell lymphomas and leukaemias - case based discussion
Dr J. Cunningham, Dr C. Dearden, Dr S. Iyengar, Dr A. Attygalle, Dr B. Sharma, RMH
16.30 Close

NEW ADDITION:

Monday 5th November 17.30 – 20.00

Guest lecture by Dr Martin Hutchings followed by complimentary networking drinks and canapés at PJ's Bar and Grill (Fulham Road)

- ❖ 14 CPD points accredited
