Healthcare professional education and training

467 healthcare professionals (HCPs) attending three online courses 

1,238 video views from HCPs following live online events 

After attending our Lymphoma Management course:

94% said it will help ensure their patients are more informed and understand their condition

87% said it will ensure their patients feel involved in managing their condition and making informed decisions

'Very informative and clear and useful topics that meet the needs of a variety of professionals.'

Lymphoma Management course attendee

'Listening to others experiences and how they have coped has armed me with skills and knowledge that will support me on my own 'lymphoma journey.'

Live your Life workshop attendee

'It was very informative and interesting. I've taken from this event to live as I see fit and safe. Thank you to the team for giving their time.'

COVID-19 vaccines webinar attendee

Live your Life

14 virtual Live your Life workshops

109 people attended virtual Live your Life workshops

After attending a Live your Life workshop:

98% would recommend the workshop to others 

92% said they knew how to look for symptoms of recurrence 

85% said they felt less isolated and more understood 

85% felt that they now know what to do to live well with lymphoma 

Lymphoma Action is a charity that has been providing information and support to people affected by lymphoma for over 35 years. Together we can make sure no one faces lymphoma alone.
