

## About our volunteering roles

With the invaluable contribution of our volunteers, we are able to raise awareness and support people affected by lymphoma. We welcome volunteers from all backgrounds and communities to share their skills or experiences to help us continue our work.

There are a range of ways that volunteers can get involved across the Charity on a flexible basis, and these roles vary in location, required experience and training. Please keep in mind that we do not actively recruit all year-round, so some roles may be not available or applicable.

If you are interested in a specific role, please speak to the Volunteering Team for further information:
