# Volunteer Experience Survey 2023

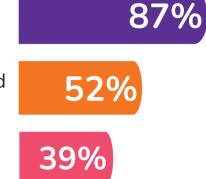

#### About our volunteers

Volunteers have / had lymphoma

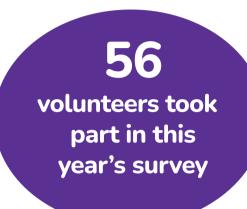

Volunteers have shared their experience

Volunteers have more than one role with us

## Top three benefits of volunteering:

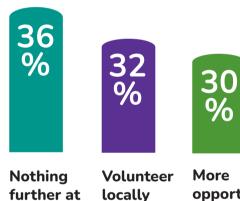

- Sense of achievement in my role(s)
- 2 Sense of purpose
- 3 More connected to the lymphoma community / Lymphoma Action

#### The volunteer experience

- 80% feel recognised for their contribution64% feel part of the volunteer community
- 50% feel we take time to get to know them
- **30%** feel encourged to learn and progress

#### The top three things volunteers would like over the next few years:

this time

More opportunities to volunteer

### 91%

understand how their volunteering makes a difference

**86%** feel that they get the support they need for their role(s)

**84%** feel activities and events are well organised

**61%** feel that engaging with the volunteer community is important

85% are satisfied or extremely satisfied

**6** I have volunteered for other charities yet Lymphoma Action really has the volunteer experience at the heart of all it does.

#### **Our** actions

Looking ahead, we will build our community connections to offer more local opportunities, develop peer learning and connection and introduce training opportunities. We will focus on our stewardship and engage with all volunteers, continuing to put the volunteer experience at the centre of our work.
